EDUCATION : INFORMATION : SURVEYS

A Program of the Texas EMS Trauma & Acute Care Foundation

## The Texas Experts in Perinatal Verification Surveys & Resources

At Texas Perinatal Services, we're all about helping Texas hospitals deliver the highest quality care for mothers and babies. We are the leading provider of perinatal verification surveys, education and resources to help Texas hospitals achieve state designation for quality maternal care and neonatal intensive care units. We've been providing perinatal verification surveys, education and information to Texas hospitals since the inception of the survey requirements in 2016.

**More Texas hospitals trust us for their surveys than any other resource.**

## Expertise by Texas Providers, For Texas Providers

Texas Perinatal Services is the only entity whose survey team consists entirely of clinicians currently practicing in Texas. Our surveyors include credentialed neonatologists, neonatal nurses, pediatric surgeons, neonatal nurse practitioners, obstetricians, obstetric nurses and maternal fetal medicine specialists, all of whom actively practice in Texas. They understand the unique challenges of delivering healthcare services in a state as vast and geographically diverse as Texas.

**No one matches our survey team's experience in Texas neonatal and maternal care units.**

## Why Choose Texas Perinatal Services?

**Unmatched Texas Experience.**

**Expert Knowledge of Texas Rules.**

**Affordable, Non-Profit Pricing.**

**Full Scope of Services to Support Texas Perinatal Care Providers.**

### Surveys

We have been the premier provider of neonatal intensive care unit surveys since their inception in 2016. That year, we also became a state-approved provider of the new maternal care surveys required beginning in March 2018. Our team works with hospitals at all designation levels, sizes and geographic locations to ensure their survey requirements are met in a timely, professional manner.

**More than 80% of Texas NICU providers have trusted us for their survey needs.**

### Education

Our mission is helping hospitals achieve excellence in the delivery of perinatal care. With our extensive experience as clinicians ourselves – coupled with our deep understanding of perinatal verification requirements – we offer much more than survey services. We are an approved provider of continuing nursing education and an approved provider of continuing education for emergency medical services providers.

**Our educational programs help hospitals improve their perinatal services.**

### Information

Texas hospitals rely on Texas Perinatal Services for the most in-depth, current resources on perinatal survey requirements, trends and best practices. With our extensive experience in Texas hospitals, state leaders looked to us for expertise and input as they developed designation criteria for perinatal care. Hospitals count on us for information they can trust to navigate the neonatal and maternal care unit designation process.

**Our resources are just a click or phone call away.**

**Contact us for more information and to schedule your NICU and Maternal Care designation survey today.**
