

What TETAF/Texas Perinatal Services Does for Your Hospital

When TETAF was first formed in 2008, our singular focus was supporting the development of the trauma and emergency care system in Texas. Since then, the needs of hospitals have changed – and so has our scope of services.

Today, TETAF is the ONLY Texas-based source for hospital trauma, stroke, neonatal and maternal levels of care verification surveys and resources.

We are a non-profit with strong support from the state’s 22 Regional Advisory Councils.

WHAT WE DO

ADVOCACY

Our seasoned advocacy team makes your voice heard at the state capitol on issues related to trauma, emergency, stroke and perinatal care.

- * We work hand-in-hand with Regional Advisory Councils to advocate for Texas hospitals.
- * Lawmakers seek out our input to help guide rulemaking and legislative proposals.

EDUCATION

Achieving excellence in the delivery of trauma, emergency and perinatal patient care is our ongoing goal. Our clinical and survey experts offer year-round education and support.

- * Webinars, symposiums and workshops, and a Virtual Library of online resources.
- * Customized education to your hospital.

VERIFICATION SURVEYS

We specialize in verification surveys for trauma, stroke, neonatal and maternal care designations. TETAF is the only entity whose survey team consists entirely of clinicians currently practicing in Texas.

- * We understand the unique nuances of delivering health care in a state as diverse as Texas.
- * Support before, during and after your survey.

We are scheduling Maternal Surveys now. Take advantage of our Loyalty Discounts and Multiple Facility Discounts. Learn more at www.TexasPerinatalServices.org.

More Texas hospitals trust TETAF for their surveys than any other resource
